

## TRAIL NEWS.....FLEISH ROAD TO CLOSE SEPTEMBER 8

+/- 😞

Regrettably, Fleish Road from Quilici Ranch to the suspension bridge will be closed for utility construction starting in early September—a month earlier than we thought. So if you want to travel the entire 11+ mile distance from Verdi to Floriston, you will have to wait until 2017. In the meantime, you can still see all the new trail sections in California, starting from Floriston or Farad:

1. Drive to Floriston and at the westbound freeway onramp, turn up hill to the old highway, which is visible above the river. Park near the gate and ride east for 2.3 miles to Farad interchange, or go 5.5 miles to Fleish suspension bridge. Then return.
2. Drive to Farad exit and park near the eastbound off ramp. You can choose between east or west exploration. If you want to see our newest trail section—the “boulder field”—go east.

Channel 2 did a great story on the Farad ribbon-cutting:
